SwissTree

RRID:SCR_015881

Type: Tool

Proper Citation

SwissTree (RRID:SCR_015881)

Resource Information

URL: <https://swisstree.vital-it.ch/>

Proper Citation: SwissTree (RRID:SCR_015881)

Description: Project that aims to provide a collection of Gold Standard gene phylogenies to the scientific community. This set of reference gene trees is suitable for phylogenomic databases to assess their current quality status, measure changes following new database releases and diagnose improvements subsequent to an upgrade of the analysis procedure.

Resource Type: data or information resource, data repository, data set, portal, project portal, service resource, storage service resource

Keywords: gene phylogeny, gene collection, gold standard, phylogenomic, database, genome analysis, bio.tools

Funding: Swiss National Science Foundation 150654;
Swiss State Secretariat for Education ;
Research and Innovation (SERI)

Availability: Public, Free, Available for download

Resource Name: SwissTree

Resource ID: SCR_015881

Alternate IDs: biotools:swisstree

Alternate URLs: <https://bio.tools/swisstree>

Record Creation Time: 20220129T080327+0000

Record Last Update: 20260903T235314+0000

Ratings and Alerts

No rating or validation information has been found for SwissTree.

No alerts have been found for SwissTree.
