Proper Citation: SciScore (RRID:SCR_016251)

Description: Text-mining software that reviews methods sections of scientific articles. It provides a numerical score to represent the "reproducibility" of the article's research.

Synonyms: Sci Score, SciCrunch SciScore

Resource Type: software application, software resource, text-mining software, web application

Defining Citation: [PMID:35759334](#), [PMID:33196023](#)

Keywords: mine, text, method, journal, paper, article, research, science, biomedicine, neuroscience, scicrunch, nif, ASWG

Availability: Used by SciCrunch, Freely available, Available to the research community

Resource Name: SciScore
