Proper Citation: Thermo Fisher: Talos F200i Transmission Electron Microscope (RRID:SCR_019911)

Description: Thermo Scientific Talos F200i is an integrated (S)TEM to perform both Transmission Electron Microscopy (TEM) and Scanning Transmission Electron Microscopy (STEM) in a single system. It acts as a 20-200 kV field emission instrument designed for high-resolution 2D/3D imaging, in situ observation, and EDX analysis. Designed for performance and productivity across a wide range of Materials Science samples and applications. Its standard X-Twin pole piece gap combined with a reproducibly performing electron column opens opportunities for high-resolution 2D and 3D characterization, in situ dynamic observations, and diffraction applications.

Synonyms: Talos F200i TEM, , Thermo Scientific Talos F200i TEM, FEI Talos F200i TEM

Resource Type: instrument resource

Keywords: FEI, TEM, Instrument Equipment, USEDit,

Availability: Commercially available

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/refs/heads/main/PDF/SCR_019911.pdf

Resource Name: Thermo Fisher: Talos F200i Transmission Electron Microscope

Resource ID: SCR_019911

Alternate IDs: Model_Number_Talos_F200i

Record Creation Time: 20220129T080347+0000

Ratings and Alerts

No rating or validation information has been found for Thermo Fisher: Talos F200i Transmission Electron Microscope.

No alerts have been found for Thermo Fisher: Talos F200i Transmission Electron Microscope.
