Proper Citation: Turner BioSystems: TBS-380 Fluorometer (RRID:SCR_020863)

Description: TBS-380 Mini-Fluorometer is a dual-channel fluorometer designed for quick, easy, and accurate fluorescence measurements. When properly calibrated with a standard of known concentration, the TBS380 displays the actual concentration of the measured compound. The new Minicell adaptor design enables the user to measure compounds at a low concentration with a low assay volume (e.g. dsDNA at 1ng/mL using PicoGreen, and RNA at 1 ng/mL using RiboGreen).

Resource Type: instrument resource

Keywords: Turner, Mini Fluorometer, Fluorometer, Instrument Equipment, USEDit

Availability: Commercially available

Resource Name: Turner BioSystems: TBS-380 Fluorometer

Resource ID: SCR_020863

Alternate IDs: Model_Number_TBS-380

Record Creation Time: 20220129T080352+0000

Record Last Update: 20260808T190203+0000

Ratings and Alerts

No rating or validation information has been found for Turner BioSystems: TBS-380 Fluorometer.

No alerts have been found for Turner BioSystems: TBS-380 Fluorometer.
