Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility

RRID:SCR_023664

Type: Tool

Proper Citation

Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility (RRID:SCR_023664)

Resource Information

URL: <https://uclouvain.be/en/research-institutes/irec/cytoflux>

Proper Citation: Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility (RRID:SCR_023664)

Description: Offers tissues dissociation and single cell preparation, analysis and cell sorting under supervision of research logistician. Provides instruments BD FACSCantoII for analysis and BD FACSARIAIII for cell separation and services including Samples preparations and multiparametric panels consultancy, Acquisition and analysis of multiparametric samples, Cell Sorting, Data Analysis.

Synonyms: CytoFlux, Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform, Flow Cytometry Platform

Resource Type: core facility, service resource, access service resource

Keywords: USEDit, ABRF, tissues dissociation, single cell preparation, analysis and cell sorting,

Resource Name: Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility

Resource ID: SCR_023664

Alternate IDs: ABRF_1783

Alternate URLs: <https://coremarketplace.org/?FacilityID=1783&citation=1>

Record Creation Time: 20230607T050210+0000

Ratings and Alerts

No rating or validation information has been found for Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility.

No alerts have been found for Catholic University of Louvain Institute of Experimental and Clinical Research Flow Cytometry Platform Core Facility.
