NBL

RRID:RGD_68100

Type: Organism

Proper Citation

RRID:RGD_68100

Organism Information

URL: <https://rgd.mcw.edu/rgdweb/report/strain/main.html?id=68100>

Proper Citation: RRID:RGD_68100

Description: Rattus norvegicus with name NBL from RGD.

Species: Rattus norvegicus

Notes: Bogden in the mid-1970s from Noble (Nb) strain rats (brother x sister mated but not descended from a single pair, and therefore not necessarily isogenic). To Fredrich Cancer Research facility in 1978. Note that the strain name NBL was selected in 1989. In the literature these rats are called Noble or Nb rats, usually without identifying whether the animals came from the non-isogenic colony of Dr. Noble or from the isogenic colony at the National Cancer Institute (Greenhouse et al 1990).

Catalog Number: 68100

Background: inbred

Database: Rat Genome Database (RGD)

Database Abbreviation: RGD

Availability: Unknown

Alternate IDs: 68100

Organism Name: NBL

Record Creation Time: 20230509T191926+0000

Record Last Update: 20260912T202459+0000

Ratings and Alerts

No rating or validation information has been found for NBL.

No alerts have been found for NBL.
