CMV500 A-CREB

RRID:Addgene_33371

Type: Plasmid

Proper Citation

RRID:Addgene_33371

Plasmid Information

URL: <http://www.addgene.org/33371>

Proper Citation: RRID:Addgene_33371

Insert Name: CREB

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:9447994](https://pubmed.ncbi.nlm.nih.gov/9447994/)

Vector Backbone Description: Backbone Size:5500; Vector Backbone:CMV500; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: A-CREB aa sequence: DYKDDDDK-MASMTGGGQMGRDPDLEQRAEELARENEELEKEAEELEQELAELENRVAVLENQNKTLEEELKALK
The first 8 aa encode for the FLAG tag, the next 13 aa are a ??10 protein sequence, the next 31 aa are the amphipathic acidic extension, and the final group of aa are the mouse CREB leucine zipper, which continues to the natural C terminus of the protein.

Plasmid Name: CMV500 A-CREB

Relevant Mutation: Dominant Negative (see notes)

Record Creation Time: 20220422T222145+0000

Record Last Update: 20260829T080408+0000

Ratings and Alerts

No rating or validation information has been found for CMV500 A-CREB.

No alerts have been found for CMV500 A-CREB.

Data and Source Information
