Proper Citation: Multiple Sclerosis Society (RRID:SCR_004153)

Description: The UK's leading MS charity that provides information and support, funding research and fighting for change. We're a democratic organization: one member, one vote. We fund research, give grants, campaign for change, provide information and support, invest in MS specialists and lend a listening ear to those who need it. The UK's biggest MS charity. * 38,000 members have a say in how we're run. * 9000 volunteers give a million hours every year. * 550 staff work in all four nations of the UK. * Over 300 branches support people with MS locally. * One aim: to beat MS. Our national offices in England, Scotland, Wales and Northern Ireland and our network of 300 branches support people affected by MS locally.

Abbreviations: MS Society

Resource Type: nonprofit organization

Resource Name: Multiple Sclerosis Society

Resource ID: SCR_004153
