NCBI BioSample

RRID:SCR_004854

Type: Tool

Proper Citation

NCBI BioSample (RRID:SCR_004854)

Resource Information

URL: <http://www.ncbi.nlm.nih.gov/biosample>

Proper Citation: NCBI BioSample (RRID:SCR_004854)

Description: Database containing descriptions of biological source materials used in experimental assays. Sources include: GenBank, Sequence Read Archive (SRA), Coriell, ATCC. Submissions are supported by a web-based Submission Portal that guides users through a series of forms for input of rich metadata describing their samples. As the capacity and complexity of biological data sets expands, databases face new challenges in ensuring that the information is adequately organized and described. The NCBI BioSample database is being developed to help address the challenges by providing the means by which data generators can organize and describe a broad range of sample types, and link to corresponding sets of experimental data in archival databases.

Abbreviations: BioSample

Synonyms: BioSample Database, NCBI BioSample Database

Resource Type: data or information resource, database

Defining Citation: [PMID:22139929](#)

Keywords: RIN, Resource Information Network, dna, rna, cell, cell line, stem cell, biomaterial, gold standard, RRID Community Authority

Funding: NLM

Availability: The community can contribute to this resource

Resource Name: NCBI BioSample

Resource ID: SCR_004854

Alternate IDs: nlx_143929, r3d100012828, OMICS_01024

Alternate URLs: <https://doi.org/10.17616/R31NJME4>

Record Creation Time: 20220129T080226+0000

Record Last Update: 20260729T044108+0000

Ratings and Alerts

No rating or validation information has been found for NCBI BioSample.

No alerts have been found for NCBI BioSample.
