### Resource Information

**URL:** <http://www.brain-net.net/>

**Proper Citation:** Brain-Net (RRID:SCR\_005017)

**Description:** THIS RESOURCE IS NO LONGER IN SERVICE. Documented on June 28,2022. A network of several university centers in Germany that classifies neurological and psychiatric disorders neuropathologically and collects and provides brain tissue for research. The aim and task of the Brain-Net are: the collection of clinically and neuropathologically well-characterized brain tissue samples; the standardization of neuropathological diagnoses according to internationally accepted criteria; and providing a basis for future research projects using genetic, epidemiological, biometric and other issues to neurological and psychiatric disorders.

**Synonyms:** BrainNet Germany, BrainNet

**Resource Type:** tissue bank, biomaterial supply resource, material resource

**Keywords:** brain, tissue, autopsy, neurological disorder, mental disease, parkinson's disease, dementia, schizophrenia, suicidal tendency, depressive disorder, suicide, alzheimer's disease, amyotrophic lateral sclerosis, post mortem

**Related Condition:** Neurological disorder, Mental disease, Parkinson's disease, Dementia, Schizophrenia, Suicidal tendency, Depressive disorder, Alzheimer's disease, Amyotrophic lateral sclerosis

**Funding:** German Federal Ministry of Research and Education

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE.

**Resource Name:** Brain-Net

**Resource ID:** SCR\_005017

**Alternate IDs:** nlx\_144007

**Record Creation Time:** 20220129T080228+0000

**Record Last Update:** 20260729T044112+0000

---

## Ratings and Alerts

No rating or validation information has been found for Brain-Net.

No alerts have been found for Brain-Net.
