Type: Tool

Proper Citation

FlyBase (RRID:SCR_006549)

Resource Information

URL: <http://flybase.org/>

Proper Citation: FlyBase (RRID:SCR_006549)

Description: Database of Drosophila genetic and genomic information with information about stock collections and fly genetic tools. Gene Ontology (GO) terms are used to describe three attributes of wild-type gene products: their molecular function, the biological processes in which they play a role, and their subcellular location. Additionally, FlyBase accepts data submissions. FlyBase can be searched for genes, alleles, aberrations and other genetic objects, phenotypes, sequences, stocks, images and movies, controlled terms, and Drosophila researchers using the tools available from the "Tools" drop-down menu in the Navigation bar.

Abbreviations: FB

Synonyms: flybase A Drosophila Genomic and Genetic Database, FlyBase: A Database of Drosophila Genes and Genomes, FLYBASE, FlyBase: A Database of Drosophila Genes & Genomes, FB

Resource Type: data or information resource, data repository, storage service resource, portal, database, service resource, topical portal, organism-related portal
