PSAT

RRID:SCR_009341

Type: Tool

Proper Citation

PSAT (RRID:SCR_009341)

Resource Information

URL: <http://acgt.cs.tau.ac.il/psat/>

Proper Citation: PSAT (RRID:SCR_009341)

Description: Software application (entry from Genetic Analysis Software)

Abbreviations: PSAT

Synonyms: Population Stratification Association Test

Resource Type: software application, software resource

Keywords: gene, genetic, genomic

Resource Name: PSAT

Resource ID: SCR_009341

Alternate IDs: nlx_154555

Record Creation Time: 20220129T080252+0000

Record Last Update: 20260727T040449+0000

Ratings and Alerts

No rating or validation information has been found for PSAT.

No alerts have been found for PSAT.

Data and Source Information

Usage and Citation Metrics

We found 28 mentions in open access literature.

Listed below are recent publications. The full list is available at [kravitz2](#) .

Heyne S, et al. (2025) Exploring how attachment insecurities mediate the link between sexual and partnership satisfaction in adolescents and young adults with cancer. *Acta oncologica* (Stockholm, Sweden), 64, 96.

Gmuca S, et al. (2025) Resilience Coaching for Adolescent Chronic Musculoskeletal Pain: Protocol for a Pilot Randomized Controlled Trial of Promoting Resilience in Stress Management (PRISM). *JMIR research protocols*, 14, e73385.

Abel-Adegbite I, et al. (2025) Sustainability of fall prevention exercise programmes for community-dwelling older adults: a scoping review protocol. *BMJ open*, 15(4), e095157.

Janssen P, et al. (2024) Teaching by texting to promote positive health behaviours in pregnancy: a protocol for a randomised controlled trial of SmartMom. *BMJ open*, 14(1), e081730.

Wenden EJ, et al. (2024) Organizational readiness and implementation fidelity of an early childhood education and care-specific physical activity policy intervention: findings from the Play Active trial. *Journal of public health* (Oxford, England), 46(1), 158.

Vu M, et al. (2024) A mixed-methods, theory-driven assessment of the sustainability of a multi-sectoral preventive intervention for South Asian Americans at risk for cardiovascular disease. *Implementation science communications*, 5(1), 89.

Czosnek L, et al. (2023) Implementation of physical activity interventions in a community-based youth mental healthcare service: A case study of context, strategies, and outcomes. *Early intervention in psychiatry*, 17(2), 212.

Madrigal L, et al. (2023) Patterns of Sustainability Capacity Among Organizations That Deliver the National Diabetes Prevention Program: A Latent Profile Analysis. *Preventing chronic disease*, 20, E91.

Katende D, et al. (2023) Sustainability capacity and health worker normalisation of a successful non-communicable disease (NCD) health systems intervention within primary care settings in Uganda: a quantitative approach to a qualitative question. *BMC health services research*, 23(1), 970.

Teper-Bamnolker P, et al. (2023) An alternative pathway to plant cold tolerance in the absence of vacuolar invertase activity. *The Plant journal : for cell and molecular biology*, 113(2), 327.

Marchesani F, et al. (2023) L-serine biosynthesis in the human central nervous system: Structure and function of phosphoserine aminotransferase. *Protein science : a publication of the Protein Society*, 32(4), e4609.

Brockie T, et al. (2023) Planning for implementation and sustainability of a community-based suicide surveillance system in a Native American community. *Implementation*

science communications, 4(1), 1.

Ho CH, et al. (2023) Ineffective implementation of emergency reduction measures against high concentrations of particulate matter in Seoul, Republic of Korea. *Environmental monitoring and assessment*, 195(9), 1127.

Sofouli E, et al. (2022) Identifying and Exploring Sustainability Determinants of Mental Health Recovery-Oriented Interventions: A Mixed Methods Study Protocol. *Global implementation research and applications*, 2(3), 249.

Carranco R, et al. (2022) A seed-specific transcription factor, HSFA9, anticipates UV-B light responses by mimicking the activation of the UV-B receptor in tobacco. *The Plant journal : for cell and molecular biology*, 111(5), 1439.

Hall A, et al. (2021) Adaptation and Validation of the Program Sustainability Assessment Tool (PSAT) for Use in the Elementary School Setting. *International journal of environmental research and public health*, 18(21).

Mills NJD, et al. (2021) ALEKS constructs as predictors of high school mathematics achievement for struggling students. *Heliyon*, 7(6), e07345.

Murtas G, et al. (2021) Biochemical and Biophysical Characterization of Recombinant Human 3-Phosphoglycerate Dehydrogenase. *International journal of molecular sciences*, 22(8).

Ospina J, et al. (2021) On the Feasibility of Load-Changing Attacks in Power Systems During the COVID-19 Pandemic. *IEEE access : practical innovations, open solutions*, 9, 2545.

Liu X, et al. (2020) Fine particulate matter pollution in North China: Seasonal-spatial variations, source apportionment, sector and regional transport contributions. *Environmental research*, 184, 109368.
