## HMS Taplin Mass Spectrometry Core Facility

RRID:SCR\_009813

Type: Tool

---

### Proper Citation

HMS Taplin Mass Spectrometry Core Facility (RRID:SCR\_009813)

---

### Resource Information

**URL:** <http://harvard.eagle-i.net/i/0000012b-00c3-414f-db6e-7a3f80000000>

**Proper Citation:** HMS Taplin Mass Spectrometry Core Facility (RRID:SCR\_009813)

**Description:** Core facility that provides the following services: Protein identification from SDS-PAGE gel bands/spots (Coomassie stained level of protein), Protein phosphorylation service, TCA samples service. The Taplin Biological Mass Spectrometry Facility opened in February 2001 as a core facility for the analysis of proteins and peptides by mass spectrometry. The facility is focused on serving the needs of investigators at Harvard Medical School (HMS) and all the Harvard affiliated Institutions.

**Resource Type:** core facility, service resource, access service resource

**Keywords:** protein identification, mass spectrometry assay

**Resource Name:** HMS Taplin Mass Spectrometry Core Facility

**Resource ID:** SCR\_009813

**Alternate IDs:** nlx\_156280

**Alternate URLs:** <https://taplin.med.harvard.edu/>

**Record Creation Time:** 20220129T080255+0000

**Record Last Update:** 20260731T042822+0000

---

### Ratings and Alerts

No rating or validation information has been found for HMS Taplin Mass Spectrometry Core Facility.

No alerts have been found for HMS Taplin Mass Spectrometry Core Facility.
