Gene Expression Ontology

RRID:SCR_010326

Type: Tool

Proper Citation

Gene Expression Ontology (RRID:SCR_010326)

Resource Information

URL: <http://purl.bioontology.org/ontology/GEXO>

Proper Citation: Gene Expression Ontology (RRID:SCR_010326)

Description: An application ontology for the domain of gene expression. The ontology integrates fragments of GO and MI with data from GOA, IntAct, UniProt, NCBI, KEGG and orthology relations.

Abbreviations: GEXO

Resource Type: data or information resource, ontology, controlled vocabulary

Keywords: obo

Resource Name: Gene Expression Ontology

Resource ID: SCR_010326

Alternate IDs: nlx_157413

Record Creation Time: 20220129T080258+0000

Record Last Update: 20260731T042831+0000

Ratings and Alerts

No rating or validation information has been found for Gene Expression Ontology.

No alerts have been found for Gene Expression Ontology.
