Proper Citation: PubChem Compound (RRID:SCR_010578)

Description: One of three primary databases of PubChem (Pcsubstance, Pccompound, and PCBioAssay), PubChem Compound Database contains validated chemical depiction information provided to describe substances in PubChem Substance. Structures stored within PubChem Compounds are pre-clustered and cross-referenced by identity and similarity groups. Additionally, calculated properties and descriptors are available for searching and filtering of chemical structures. A PubChem FTP and structure download are available. New data are accepted into the repository.

Abbreviations: PubChem Compound, Pccompound

Synonyms: PubChem Compound Database, PubChem Compounds Database, Pccompound

Resource Type: software resource

Keywords: small molecule, biological activity, chemical structure, bioactivity, gold standard

Resource Name: PubChem Compound
