

Resource Summary Report

Generated by [kravitz2](#) on Jul 31, 2026

National Chiao Tung University; Hsinchu; Taiwan

RRID:SCR_011410

Type: Tool

Proper Citation

National Chiao Tung University; Hsinchu; Taiwan (RRID:SCR_011410)

Resource Information

URL: <http://www.nctu.edu.tw/english/>

Proper Citation: National Chiao Tung University; Hsinchu; Taiwan (RRID:SCR_011410)

Synonyms: NCTU

Resource Type: university, institution

Resource Name: National Chiao Tung University; Hsinchu; Taiwan

Resource ID: SCR_011410

Record Creation Time: 20220129T080304+0000

Record Last Update: 20260728T043355+0000

Ratings and Alerts

No rating or validation information has been found for National Chiao Tung University; Hsinchu; Taiwan.

No alerts have been found for National Chiao Tung University; Hsinchu; Taiwan.

Data and Source Information

Usage and Citation Metrics

We found 32 mentions in open access literature.

Listed below are recent publications. The full list is available at [kravitz2](#) .

Smith T, et al. (2025) Pain management training for people with persistent pain and their informal carers (JOINT SUPPORT): multicentre randomised controlled feasibility trial with embedded qualitative study in English musculoskeletal services. *BMJ open*, 15(4), e095069.

Wolstenhulme F, et al. (2024) Graves-PCD: protocol for a randomised, dose-finding, adaptive trial of the plasma cell-depleting agent daratumumab in severe Graves' disease. *BMJ open*, 14(6), e079158.

Day F, et al. (2022) STAndardised Diagnostic Assessment for children and young people with emotional difficulties (STADIA): protocol for a multicentre randomised controlled trial. *BMJ open*, 12(5), e053043.

Ashford PA, et al. (2022) Treating common mental disorder including psychotic experiences in the primary care improving access to psychological therapies programme (the TYPPEX study): protocol for a stepped wedge cluster randomised controlled trial with nested economic and process evaluation of a training package for therapists. *BMJ open*, 12(6), e056355.

Rennie KJ, et al. (2022) MET-PREVENT: metformin to improve physical performance in older people with sarcopenia and physical prefrailty/frailty - protocol for a double-blind, randomised controlled proof-of-concept trial. *BMJ open*, 12(7), e061823.

Dunn S, et al. (2022) Safety and impact of eculizumab withdrawal in patients with atypical haemolytic uraemic syndrome: protocol for a multicentre, open-label, prospective, single-arm study. *BMJ open*, 12(9), e054536.

Howlett N, et al. (2021) A randomised controlled trial of energetic activity for depression in young people (READY): a multi-site feasibility trial protocol. Pilot and feasibility studies, 7(1), 6.

Huang K, et al. (2021) Deep Multimodal Fusion Autoencoder for Saliency Prediction of RGB-D Images. *Computational intelligence and neuroscience*, 2021, 6610997.

Lambert HJ, et al. (2021) I-KID study protocol: evaluation of efficacy, outcomes and safety of a new infant haemodialysis and ultrafiltration machine in clinical use: a randomised clinical investigation using a cluster stepped-wedge design. *BMJ paediatrics open*, 5(1), e001224.

Maier R, et al. (2020) Telomerase Activation to Reverse Immunosenesence in Elderly Patients With Acute Coronary Syndrome: Protocol for a Randomized Pilot Trial. *JMIR research protocols*, 9(9), e19456.

Rennie KJ, et al. (2020) Nasal Airway Obstruction Study (NAIROS): a phase III, open-label, mixed-methods, multicentre randomised controlled trial of septoplasty versus medical management of a septal deviation with nasal obstruction. *Trials*, 21(1), 179.

Tien PT, et al. (2020) Perfluorooctanoic acid in indoor particulate matter triggers oxidative stress and inflammation in corneal and retinal cells. *Scientific reports*, 10(1), 15702.

Mitchell EJ, et al. (2020) Do investigator meetings improve recruitment rates in clinical trials? A retrospective before-and-after study of data from nine multi-centre clinical trials. *Trials*, 21(1), 514.

Bond CM, et al. (2020) Protocol for a cluster randomised controlled trial to determine the effectiveness and cost-effectiveness of independent pharmacist prescribing in care homes: the CHIPPS study. *Trials*, 21(1), 103.

Lv Y, et al. (2020) Hierarchical Multimodal Adaptive Fusion (HMAF) Network for Prediction of RGB-D Saliency. *Computational intelligence and neuroscience*, 2020, 8841681.

Armstrong-Buisseret L, et al. (2020) Standard care informed by the result of a placental growth factor blood test versus standard care alone in women with reduced fetal movement at or after 36+0 weeks' gestation: a pilot randomised controlled trial. *Pilot and feasibility studies*, 6, 23.

Armstrong-Buisseret L, et al. (2019) Metronidazole versus lactic acid for treating bacterial vaginosis (VITA): protocol for a randomised controlled trial to assess the clinical and cost effectiveness of topical lactic acid gel for treating second and subsequent episodes of bacterial vaginosis. *Trials*, 20(1), 648.

Duley L, et al. (2018) Randomised trial of cord clamping and initial stabilisation at very preterm birth. *Archives of disease in childhood. Fetal and neonatal edition*, 103(1), F6.

Bourke JP, et al. (2018) Randomised placebo-controlled trial of combination ACE inhibitor and beta-blocker therapy to prevent cardiomyopathy in children with Duchenne muscular dystrophy? (DMD Heart Protection Study): a protocol study. *BMJ open*, 8(12), e022572.

Armstrong-Buisseret L, et al. (2018) Reduced fetal movement intervention Trial-2 (ReMIT-2): protocol for a pilot randomised controlled trial of standard care informed by the result of a placental growth factor (PIGF) blood test versus standard care alone in women presenting with reduced fetal movement at or after 36+0 weeks gestation. *Trials*, 19(1), 531.
