Proper Citation: Penn State Cancer Institute Organic Synthesis Core Facility (RRID:SCR_012425)

Description: Core to advance scientific impact of Penn State Cancer Institute investigators by synthesizing and providing chemical agents that are either not commercially available or cost-prohibitive, to facilitate ongoing cancer research. Assists in efforts towards discovering novel agents for treatment and prevention of cancer. Supports activities of development and synthesis of anticancer agents, chemical carcinogens, their detoxification products, reactive species of metabolic activation and DNA adducts formed with such species. Services also include identification and synthesis of biomarkers of uptake and activation of environmental carcinogens that require deuterated, tritiated, and ¹⁴C-labeled isotopes.

Abbreviations: OSSR

Synonyms: , Organic Synthesis Shared Resource, Penn State Organic Synthesis Core Facility - Hershey Cancer Center

Resource Type: access service resource, core facility, service resource

Keywords: development and synthesis, anticancer agents, chemical carcinogens, identification and synthesis of biomarkers, environmental carcinogens,

Availability: Restricted

Resource Name: Penn State Cancer Institute Organic Synthesis Core Facility

Resource ID: SCR_012425

Alternate IDs: ABRF_2790, SciEx_13221

Alternate URLs: <https://coremarketplace.org/?FacilityID=2790&citation=1>

Old URLs: <http://www.scienceexchange.com/facilities/organic-synthesis-core-facility-hershey-cancer-center-penn-state>

Record Creation Time: 20220129T080310+0000

Record Last Update: 20260912T200342+0000

Ratings and Alerts

No rating or validation information has been found for Penn State Cancer Institute Organic Synthesis Core Facility.

No alerts have been found for Penn State Cancer Institute Organic Synthesis Core Facility.
