Proper Citation: GUSSI (RRID:SCR_014962)

Description: Software program that can illustrate the output of SEDFIT and SEDPHAT programs and can perform simple calculations with the data. It is designed to work with sedimentation velocity, sedimentation equilibrium, ITC, DLS, and isotherm data.

Resource Type: data processing software, data visualization software, software application, software resource

Defining Citation: [PMID:26412649](#)

Keywords: data visualization software, sedimentation, sedimentation velocity, sedimentation equilibrium, isotherm

Availability: Available for download, Free
