PIRATE

RRID:SCR_017265

Type: Tool

Proper Citation

PIRATE (RRID:SCR_017265)

Resource Information

URL: <https://github.com/SionBayliss/PIRATE>

Proper Citation: PIRATE (RRID:SCR_017265)

Description: Software pangenomics toolbox for clustering diverged orthologues in bacteria. Used to identify and classify orthologous gene families in bacterial pangenomes over wide range of sequence similarity thresholds.

Synonyms: Pangenome Iterative Refinement And Threshold Evaluation

Resource Type: data analysis software, data processing software, software application, software resource

Defining Citation: [DOI:10.1101/598391](https://doi.org/10.1101/598391)

Keywords: Pangenome, clustering, genomics, bacteria, orthologue, gene, sequence, amino acid, nucleotide, dataset, bio.tools

Availability: Free, Available for download, Freely available

Resource Name: PIRATE

Resource ID: SCR_017265

Alternate IDs: biotools:PIRAtE

Alternate URLs: <https://bio.tools/PIRATE>

License: GNU GPL v3

Record Creation Time: 20220129T080334+0000

Record Last Update: 20260903T235417+0000

Ratings and Alerts

No rating or validation information has been found for PIRATE.

No alerts have been found for PIRATE.

Data and Source Information
