Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility

RRID:SCR_017757

Type: Tool

Proper Citation

Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility (RRID:SCR_017757)

Resource Information

URL: <https://www.biotech.wisc.edu/services/gec>

Proper Citation: Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility (RRID:SCR_017757)

Description: Core provides RNA library preparation services for Illumina, PacBio and Oxford Nanopore sequencing platforms. Single Cell RNA and Spatial Transcriptomics services are available with 10X Genomics technology. Provides RNA extraction, RNA QC and SNP genotyping and methylation bead array services. Provides support from project design through downstream analysis. Service facility, from hypothesis to publication. Microarray: expression and genotyping Affymetrix, Agilent, Nimblegen. Sequencing: RNA, gDNA, ChIP, Capture, 16SNovaSeq, HiSeq 2500, 3000, MiSeq.

Abbreviations: GEC

Synonyms: Gene Expression Center, UWBC Gene Expression Center

Resource Type: core facility, service resource, access service resource

Keywords: Gene, expression, microarray, sequencing, RNA, gDNA, ChIP, Capture, HiSeq, MiSeq, 16SNovaSeq, service, core

Availability: Open

Resource Name: Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility

Resource ID: SCR_017757

Alternate IDs: SCR_019325, ABRF_287

Record Creation Time: 20220129T080336+0000

Record Last Update: 20260731T043014+0000

Ratings and Alerts

No rating or validation information has been found for Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility.

No alerts have been found for Wisconsin-Madison University Biotechnology Center Gene Expression Center Core Facility.
