Proper Citation: Waters: Xevo TQ-XS mass spectrometer (RRID:SCR_018510)

Description: Advanced benchtop tandem quadrupole mass spectrometer which expands scope of ultimate sensitivity analysis. Features probe design which allows users much easier maintenance, optimization and improved reproducibility between operators. Method transfer onto Xevo TQ-XS is made simple by Xtended Dynamic Range detector which allows six orders of linear dynamic range. Wider compound coverage without changing ionization technique is delivered by the revolutionary UniSpray source option.

Synonyms: TQ-XS Triple Quad Mass Spectrometer, Xevo TQ-XS, SUMS Xevo

Resource Type: instrument resource

Keywords: Benchtop mass spectrometer, instrument, equipment, USEDit

Funding: NIH S10 OD026962

Resource Name: Waters: Xevo TQ-XS mass spectrometer

Resource ID: SCR_018510
