Perkin Elmer: Opera Phenix Plus High Content Screening System

RRID:SCR_021100
Type: Tool

Proper Citation

Perkin Elmer: Opera Phenix Plus High Content Screening System (RRID:SCR_021100)

Resource Information

URL: https://resources.revvity.com/pdfs/tch-opera-phenix-plus-improved-3d-imaging.pdf

Proper Citation: Perkin Elmer: Opera Phenix Plus High Content Screening System (RRID:SCR_021100)

Description: Opera Phenix Plus system for high throughput high content assays, phenotypic screening, assays using complex disease models, such as live cells, primary cells and microtissues, and fast response assays like calcium flux or cardiomyocyte beating.Optical design lets you generate information through confocal imaging and at higher throughput through simultaneous acquisition. Delivers speed without compromising sensitivity. Uses Harmony High Content Imaging and Analysis Software to quantify complex cellular phenotypes. Harmony software is designed for PerkinElmer high content screening systems.

Synonyms: Opera Phenix Plus

Resource Type: instrument resource

Keywords: PerkinElmer, confocal imaging, simultaneous acquisition, high throughput high content assays, phenotypic screening, Harmony software, high content screening systems, instrument, equipment, USEDit

Availability: Commercially available

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/refs/heads/main/PDF/SCR_021100.pdf

Resource Name: Perkin Elmer: Opera Phenix Plus High Content Screening System

Resource ID: SCR_021100

Alternate IDs: Model_Number_Opera_Phenix_Plus

Old URLs: https://www.perkinelmer.com/Product/opera-phenix-plus-system-hh14001000

Record Creation Time: 20220129T080353+0000

Record Last Update: 20260725T190941+0000

Ratings and Alerts

No rating or validation information has been found for Perkin Elmer: Opera Phenix Plus High Content Screening System.

No alerts have been found for Perkin Elmer: Opera Phenix Plus High Content Screening System.

Data and Source Information
