Waters: DIL805 A/D/T Quenching Dilatometer

RRID:SCR_027558

Type: Tool

Proper Citation

Waters: DIL805 A/D/T Quenching Dilatometer (RRID:SCR_027558)

Resource Information

URL: <https://www.tainstruments.com/dil-805adt-quenching-dilatometers/>

Proper Citation: Waters: DIL805 A/D/T Quenching Dilatometer (RRID:SCR_027558)

Description: 805 Series Quenching Dilatometers are the benchmark instruments for scientists and engineers interested in determining dimensional changes and phase transformations of steel alloys. Extremely flexible and configurable, designed to accommodate a wide range of add-on modules enabling it to be tailored to specific user requirements. Quenching, compression, tension, alpha and sub-zero alpha modes all provide highly accurate dimensional change measurements under different conditions and environments. Used for determination of critical parameters in steel manufacturing and heat treatment processes.

Resource Type: instrument resource

Keywords: Dilatometry, determination of critical parameters, steel manufacturing, heat treatment, dimensional change measurements, quenching, compression, tension, alpha, sub-zero alpha, mode
