Proper Citation: BioExtract (RRID:SCR_005397)

Description: An open, web-based system designed to aid researchers in the analysis of genomic data by providing a platform for the creation of bioinformatic workflows. Scientific workflows are created within the system by recording tasks performed by the user. These tasks may include querying multiple, distributed data sources, saving query results as searchable data extracts, and executing local and web-accessible analytic tools. The series of recorded tasks can then be saved as a reproducible, sharable workflow available for subsequent execution with the original or modified inputs and parameter settings. Integrated data resources include interfaces to the National Center for Biotechnology Information (NCBI) nucleotide and protein databases, the European Molecular Biology Laboratory (EMBL-Bank) non-redundant nucleotide database, the Universal Protein Resource (UniProt), and the UniProt Reference Clusters (UniRef) database. The system offers access to numerous preinstalled, curated analytic tools and also provides researchers with the option of selecting computational tools from a large list of web services including the European Molecular Biology Open Software Suite (EMBOSS), BioMoby, and the Kyoto Encyclopedia of Genes and Genomes (KEGG). The system further allows users to integrate local command line tools residing on their own computers through a client-side Java applet.

Abbreviations: BioExtract

Synonyms: BioExtract Server

Resource Type: service resource

Defining Citation: [PMID:21546552](#), [PMID:20865520](#), [PMID:20150665](#), [PMID:20054995](#)

Keywords: nucleotide sequence, protein sequence, viridiplantae, viridiplantae protein, nucleotide, sequence, protein, viridiplantae, workflow, software, database, bioinformatics, platform, genome, genomic analysis, analytic tool

Funding: NSF 0090732;
NSF IOS-1126481

Resource Name: BioExtract

Resource ID: SCR_005397

Alternate IDs: OMICS_01138

Record Creation Time: 20220129T080230+0000

Record Last Update: 20260903T234801+0000

Ratings and Alerts

No rating or validation information has been found for BioExtract.

No alerts have been found for BioExtract.
