COLELMS: Stata module to calculate Coles LMS values for growth data

RRID:SCR_007244

Type: Tool

Proper Citation

COLELMS: Stata module to calculate Coles LMS values for growth data
(RRID:SCR_007244)

Resource Information

URL: <http://ideas.repec.org/c/boc/bocode/s360702.html>

Proper Citation: COLELMS: Stata module to calculate Coles LMS values for growth data
(RRID:SCR_007244)

Description: COLELMS calculates LMS values, smoothed LMS, and growth reference centiles based in smoothed LMS values. df value is set to when calculating smoothed LMS values. You are responsible for setting an appropriate df for your data. This is version 0.2 of the software. Sponsors: This resource is supported by Boston College. Keywords: Software, LMS, Calculation, Growth, Data, Stata, Module,

Synonyms: COLELMS

Resource Type: data analysis software, data processing software, software application, software resource

Resource Name: COLELMS: Stata module to calculate Coles LMS values for growth data

Resource ID: SCR_007244

Alternate IDs: nif-0000-30264

Record Creation Time: 20220129T080240+0000

Record Last Update: 20260912T195652+0000

Ratings and Alerts

No rating or validation information has been found for COLELMS: Stata module to calculate Coles LMS values for growth data.

No alerts have been found for COLELMS: Stata module to calculate Coles LMS values for growth data.
