Proper Citation: bic-mni-models (RRID:SCR_014087)

Description: Anatomical brain template library which includes models from ICBM 2009 template. Number of unbiased non-linear averages of MNI152 database have been generated that combines attractions of both high-spatial resolution and signal-to-noise while not being subject to vagaries of any single brain. Procedure involved multiple iterations of process where, at each iteration, individual native MRIs were non-linearly fitted to the average template from previous iteration, beginning with MNI152 linear template.

Resource Type: data or information resource, image collection

Keywords: brain template, anatomical brain library, image collection, FASEB list

Resource Name: bic-mni-models

Resource ID: SCR_014087

License: BIC-MNI Louis Collins

Record Creation Time: 20220129T080319+0000

Record Last Update: 20260903T235253+0000

Ratings and Alerts

No rating or validation information has been found for bic-mni-models.

No alerts have been found for bic-mni-models.

Data and Source Information

Usage and Citation Metrics

We found 44 mentions in open access literature.

Listed below are recent publications. The full list is available at [kravitz2](#) .
