Proper Citation: Seahorse Wave (RRID:SCR_014526)

Description: Software to manage Seahorse XFe24 Analyzer, which measures OCR and ECAR of live cells in a 24-well plate format. Users can create and modify assay templates and analyze and manage data.

Resource Type: data analysis software, data management software, data processing software, software application, software resource

Keywords: hardware management software, seahorse, xf data analysis, live cells

Resource Name: Seahorse Wave

Resource ID: SCR_014526
