Proper Citation: OmniPlex Software (RRID:SCR_014803)

Description: Neural data acquisition software for signal visualization in neuron recordings along with spike wave-form classification methods. It is made up of the PlexControl software program and the OmniPlex Server.

Resource Type: data acquisition software, data processing software, data visualization software, software application, software resource

Keywords: software, neural, neuron data, analysis, pca, data acquisition, signal visualization

Availability: Commercially available

Resource Name: OmniPlex Software

Resource ID: SCR_014803

Record Creation Time: 20220129T080322+0000

Record Last Update: 20260912T195822+0000
