Proper Citation: Object-Image (RRID:SCR_015720)

Description: Image analysis software package that allows non-destructive image marking, input for further image processing, and marking the results of automatic measurements. Object-Image integrates measurements, macros, graphical objects and image names in a closed unit called 'object file' so that it reduces file clutter.

Resource Type: data processing software, image analysis software, software application, software resource

Keywords: image marking, non-destructive, image analysis, text editor, debugging software

Availability: Free, Available for download, Runs on Mac OS

Resource Name: Object-Image

Resource ID: SCR_015720

Alternate URLs: simon.bio.uva.nl/Object-Image/object-image.html

Record Creation Time: 20220129T080327+0000

Record Last Update: 20260904T000012+0000
