Description: Software R package and web app, which facilitates rapid production of publication quality risk of bias assessment figures. Used to produce high quality figures that summarize the risk-of-bias assessments performed as part of systematic review or research synthesis project.

Abbreviations: robvis

Synonyms: Risk Of Bias VISualization

Resource Type: software resource, software toolkit, web application

Defining Citation: [DOI:10.1002/jrsm.1411](https://doi.org/10.1002/jrsm.1411)

Keywords: Risk of bias assessment, publication figure, publication quality figure, figure production, systematic review, research synthesis project

Funding: University Hospitals Bristol NHS Foundation Trust ;
University of Bristol

Availability: Free, Freely available

Resource Name: robvis

Resource ID: SCR_018755
