Thermo Fisher: Applied Biosystems: ProFlex PCR System

RRID:SCR_027077

Type: Tool

Proper Citation

Thermo Fisher: Applied Biosystems: ProFlex PCR System (RRID:SCR_027077)

Resource Information

Proper Citation: Thermo Fisher: Applied Biosystems: ProFlex PCR System (RRID:SCR_027077)

Description: Thermal cycler with flexible configuration and control features. System with Thermo Fisher Connect to design and upload methods and monitor runs from any smartphone or desktop computer. Has five different blocks that can be changed. Blocks allow up to three experiments to be run simultaneously, completely independently of each other and without interference. Dual 96-well and dual 384-well blocks are available for your high-throughput PCR sequencing needs, and dual flat block is available to support Applied Biosystems OpenArray plate technology for genotyping analysis on the Applied Biosystems QuantStudio 12K Flex Real-Time PCR System.

Synonyms: ProFlex PCR System

Resource Type: instrument resource

Keywords: Thermal cycler, Thermo Fisher Connect, PCR,

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/refs/heads/main/PDF/SCR_027077.pdf

Resource Name: Thermo Fisher: Applied Biosystems: ProFlex PCR System

Resource ID: SCR_027077

Alternate IDs: Model-Number_ProFlex

Record Creation Time: 20250621T055031+0000

Record Last Update: 20260808T190756+0000

Ratings and Alerts

No rating or validation information has been found for Thermo Fisher: Applied Biosystems: ProFlex PCR System.

No alerts have been found for Thermo Fisher: Applied Biosystems: ProFlex PCR System.
