Proper Citation: Tecan: D300e Digital Dispenser (RRID:SCR_027242)

Description: This instrument is precision liquid handling instrument that enables non-contact, nanoliter-to-microliter scale dispensing of small molecules, biologics, or other reagents directly into assay plates for high-throughput drug screening and dose-response studies.

Resource Type: instrument resource

Keywords: precision liquid handling, non-contact, nanoliter-to-microliter scale dispensing into assay plates, small molecules, biologics, drug screening, dose-response studies,
