pAd-RFP

RRID:Addgene_12520

Type: Plasmid

Proper Citation

RRID:Addgene_12520

Plasmid Information

URL: <http://www.addgene.org/12520>

Proper Citation: RRID:Addgene_12520

Insert Name: RFP

Bacterial Resistance: Kanamycin

Vector Backbone Description: Backbone Size:0; Vector Backbone:pAdTrace-TO4; Vector Types:Mammalian Expression; Bacterial Resistance:Kanamycin

Comments: This is an RFP expressing adenoviral vector compatible with the AdEasy system. The mRFP is functional and the depositing lab has been using it as a control. The stop codon was originally deleted in order to make c-terminal fusion proteins. But the current construct should run into certain stop codons at the end of the linker sites.

Plasmid Name: pAd-RFP

Record Creation Time: 20220422T221656+0000

Record Last Update: 20260808T080651+0000

Ratings and Alerts

No rating or validation information has been found for pAd-RFP.

No alerts have been found for pAd-RFP.

Data and Source Information
