pBABE-hygro

RRID:Addgene_1765

Type: Plasmid

Proper Citation

RRID:Addgene_1765

Plasmid Information

URL: <http://www.addgene.org/1765>

Proper Citation: RRID:Addgene_1765

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:2194165](#)

Vector Backbone Description: Backbone Size:5558; Vector Backbone:pBABE-hygro; Vector Types:Mammalian Expression, Retroviral; Bacterial Resistance:Ampicillin

Comments: Please acknowledge Jay Morgenstern and Hartmut Land and cite the following article if you use this plasmid in a publication: Morgenstern JP, Land H., 1990, Nucleic Acids Research 18(12):3587-96. If you are using the pBABE protocol from the Weinberg Lab to generate virus, please note that the Weinberg Lab recommends using pUMVC (Addgene #8449) and VSV-G (#8454) for packaging. The pCL-Eco plasmid listed in their protocol should be substituted with pUMVC. Please note that the sequence from which the Addgene map was generated is an estimate of the real sequence based on how the vector was assembled. We encourage scientists to test enzymes before using them for cloning.

Plasmid Name: pBABE-hygro

Record Creation Time: 20220422T222019+0000

Record Last Update: 20260912T092337+0000

Ratings and Alerts

No rating or validation information has been found for pBABE-hygro.

No alerts have been found for pBABE-hygro.
