pET22b_EcSSB_2

RRID:Addgene_78204

Type: Plasmid

Proper Citation

RRID:Addgene_78204

Plasmid Information

URL: <http://www.addgene.org/78204>

Proper Citation: RRID:Addgene_78204

Insert Name: ssb (W88C)

Organism: E. coli

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:20350930](#)

Vector Backbone Description: Vector Backbone:pET22b; Vector Types:Bacterial Expression; Bacterial Resistance:Ampicillin

Comments: Please note- The numbering system used was for the mature natural wild-type ssb protein. The N-terminal methionine is quantitatively cleaved off in E. coli and was not numbered so all mutations will be off by 1 nucleotide (e.g., W89C = W88C). The expressed protein is a single-cysteine variant of E. coli single-stranded DNA-binding protein, EcSSB, for subsequent labeling at the cysteine. The adduct with Cy3B maleimide has been used as a biosensor for single-stranded DNA in TIRF microscopy measurements.

Plasmid Name: pET22b_EcSSB_2

Relevant Mutation: W88C (please see depositor comment below)

Record Creation Time: 20220422T222515+0000

Record Last Update: 20260808T082203+0000
