Type: Tool

Proper Citation

BISC (RRID:SCR_002064)

Resource Information

URL: <http://bisc.soe.ucsc.edu/>

Proper Citation: BISC (RRID:SCR_002064)

Description: A protein-protein interaction (PPI) database intending to bridge between the two communities most active in their characterization: structural biology and functional genomics researchers. It offers users access to binary subcomplexes, (i.e. physical direct interactions between proteins) that are either structurally characterized or modellable entries in the main functional genomics PPI databases BioGRID, IntAct and HPRD. Selected web services are available to further investigate the validity of postulated PPI by inspection of their hypothetical modelled interfaces., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Abbreviations: BISC

Synonyms: Blnary SubComplex Database

Resource Type: data or information resource, database

Defining Citation: [PMID:21081561](#)

Keywords: protein-protein interaction, binary subcomplex, bio.tools

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: BISC

Resource ID: SCR_002064

Alternate IDs: OMICS_01902, biotools:bisc

Alternate URLs: <https://bio.tools/bisc>

Record Creation Time: 20220129T080211+0000

Ratings and Alerts

No rating or validation information has been found for BISC.

No alerts have been found for BISC.
