Proper Citation: Presentation (RRID:SCR_002521)

Description: Stimulus delivery and experiment control program. Stimuli include auditory, 2D and 3D visual, and multimodal and experimental data include fMRI, ERP, MEG, psychophysics, eye movements, single neuron recording, and reaction time measures.

Abbreviations: Presentation

Synonyms: Presentation 19.0

Resource Type: software application, software resource, data processing software, data analysis software

Keywords: stimulus delivery, event logging

Availability: Free, Available for download

Resource Name: Presentation

Resource ID: SCR_002521

Alternate IDs: nlx_155925
