IPD - Immuno Polymorphism Database

RRID:SCR_003004

Type: Tool

Proper Citation

IPD - Immuno Polymorphism Database (RRID:SCR_003004)

Resource Information

URL: <http://www.ebi.ac.uk/ipd/>

Proper Citation: IPD - Immuno Polymorphism Database (RRID:SCR_003004)

Description: A set of specialist databases related to the study of polymorphic genes in the immune system. The IPD project works with specialist groups or nomenclature committees who provide and curate individual sections before they are submitted to IPD for online publication. The IPD project stores all the data in a set of related databases. IPD currently consists of four databases: * IPD-KIR, contains the allelic sequences of Killer-cell Immunoglobulin-like Receptors, * IPD-MHC, is a database of sequences of the Major Histocompatibility Complex of different species; * IPD-human platelet antigens, alloantigens expressed only on platelets and * IPD-ESTDAB, which provides access to the European Searchable Tumour cell-line database, a cell bank of immunologically characterized melanoma cell lines.

Abbreviations: IPD

Synonyms: IPD-The Immuno Polymorphism Database, IPD - The Immuno Polymorphism Database

Resource Type: data or information resource, database

Defining Citation: [PMID:19875415](#), [PMID:18449992](#), [PMID:15608253](#)

Keywords: polymorphic gene, immune system, gene, gold standard, bio.tools

Funding: European Union contract QLRI-CT-2001-01325;
NCI P01 111412

Resource Name: IPD - Immuno Polymorphism Database

Resource ID: SCR_003004

Alternate IDs: biotools:ipd, nif-0000-03038, r3d100010797

Alternate URLs: <https://bio.tools/ipd>, <https://doi.org/10.17616/R3KK7K>

Record Creation Time: 20220129T080216+0000

Record Last Update: 20260904T000119+0000

Ratings and Alerts

No rating or validation information has been found for IPD - Immuno Polymorphism Database.

No alerts have been found for IPD - Immuno Polymorphism Database.
