IdCheck

RRID:SCR_005510

Type: Tool

Proper Citation

IdCheck (RRID:SCR_005510)

Resource Information

URL: <http://eqtl.rc.fas.harvard.edu/idcheck/>

Proper Citation: IdCheck (RRID:SCR_005510)

Description: Software that allows assessment of concordance between genotype (from SNP arrays or DNA sequencing) and gene expression (RNA-seq) samples. IDCheck compares the identity of RNA-seq reads and SNP genotypes using a likelihood based method. Based on maximum likelihood estimates of relevant parameters, we can detect sample contamination and identify correct sample pairs when swapping occurs.

Abbreviations: IDCheck

Synonyms: IdCheck: A tool for genotype and gene expression sample identity checking

Resource Type: software resource

Resource Name: IdCheck

Resource ID: SCR_005510

Alternate IDs: OMICS_01054

Record Creation Time: 20220129T080230+0000

Record Last Update: 20260725T190604+0000

Ratings and Alerts

No rating or validation information has been found for IdCheck.

No alerts have been found for IdCheck.
