Human Adenovirus Type Classification

RRID:SCR_005753

Type: Tool

Proper Citation

Human Adenovirus Type Classification (RRID:SCR_005753)

Resource Information

URL: <http://hadvwg.gmu.edu/>

Proper Citation: Human Adenovirus Type Classification (RRID:SCR_005753)

Description: The Human Adenovirus Type Classification coordinates the naming of candidate new types, prior to manuscript submission for peer review. This resource contains a method of submitting candidate HAdV, criteria for a new HAdV type, and a Serotyping tool, which displays all potential types corresponding to the query serotype entered by a user. The criteria are based on discussions at the International Adenovirus Meeting (Dobog??k, Hungary; 26-30 April, 2009) and the NIH Human Adenovirus Working Group Workshop (Bethesda, MD. USA; 3 February 2011), which are summarized in a Letter to the Editor.

Abbreviations: HAdV Type Classification

Resource Type: service resource, knowledge environment, analysis service resource, production service resource

Keywords: hadv, human adenovirus, adenovirus, classification, serotyping, genotyping, genome, nucleotide sequence, human adenovirus working group, serotype

Related Condition: Adenovirus

Resource Name: Human Adenovirus Type Classification

Resource ID: SCR_005753

Alternate IDs: nlx_149215

Record Creation Time: 20220129T080232+0000

Record Last Update: 20260729T044126+0000

Ratings and Alerts

No rating or validation information has been found for Human Adenovirus Type Classification.

No alerts have been found for Human Adenovirus Type Classification.
