Proper Citation: arXiv (RRID:SCR_006500)

Description: Electronic archive and distribution server for research articles providing open access to more than 850,000 e-prints in Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics. Users can retrieve papers via the web interface. Registered authors may use the web interface to submit their articles to arXiv. Authors can also update their submissions if they choose, though previous versions remain available. Listings of newly submitted articles in areas of interest are available via the web interface, via RSS feeds, and by subscription to automatic email alerts.

Abbreviations: arXiv

Synonyms: arXiv.org

Resource Type: data or information resource, database

Defining Citation: [PMID:22859182](#), [PMID:21833066](#)

Keywords: archive, e-print, physics, mathematics, computer science, quantitative biology, quantitative finance, statistics, electronic archive, research article, publishing, preprint, unpublished manuscript, scholarly communication, nonlinear sciences, biology, scholarly publishing, FASEB list

Funding: Cornell University; New York; USA ;
Simons Foundation ;
other Library Partners

Availability: Open unspecified license, Account required, (for submissions), The community can contribute to this resource
