NiftyReg

RRID:SCR_006593

Type: Tool

Proper Citation

NiftyReg (RRID:SCR_006593)

Resource Information

URL: <http://sourceforge.net/projects/niftyreg/>

Proper Citation: NiftyReg (RRID:SCR_006593)

Description: Software tools for global and local image registration. The algorithm used for global registration is based on a block matching approach enabling robust registration (outliers rejection). The local registration implementation uses a cubic B-Spline parametrisation (Free-Form Deformation). All registration algorithms are based on symmetric approaches where forward and backward transformations can be optimised concurrently. NiftyReg has been implemented for both CPU and GPU (through the use of CUDA).

Abbreviations: NiftyReg

Synonyms: Nifty Reg

Resource Type: image analysis software, software resource, software application, registration software, data processing software

Keywords: analyze, c, c++, nifti, nrrd, registration, resampling, spatial transformation, warping

Availability: BSD License

Resource Name: NiftyReg

Resource ID: SCR_006593

Alternate IDs: nlx_155899

Alternate URLs: <http://www.nitrc.org/projects/niftyreg>

Record Creation Time: 20220129T080237+0000

Record Last Update: 20260728T043235+0000

Ratings and Alerts

No rating or validation information has been found for NiftyReg.

No alerts have been found for NiftyReg.
