INTERSNP

RRID:SCR_009244

Type: Tool

Proper Citation

INTERSNP (RRID:SCR_009244)

Resource Information

URL: <http://intersnp.meb.uni-bonn.de/>

Proper Citation: INTERSNP (RRID:SCR_009244)

Description: Software application for genome-wide interaction analysis (GWIA) of case-control SNP data. SNPs are selected for joint analysis using a priori information. Sources of information to define meaningful strategies can be statistical evidence (single marker association at a moderate level, computed from the own data) and genetic/biologic relevance (genomic location, function class or pathway information). (entry from Genetic Analysis Software)

Abbreviations: INTERSNP

Synonyms: genome-wide association and INTERaction analysis of SNP

Resource Type: software application, software resource

Keywords: gene, genetic, genomic, c/c++, unix, ms-windows, macos

Resource Name: INTERSNP

Resource ID: SCR_009244

Alternate IDs: nlx_154409

Record Creation Time: 20220129T080251+0000

Record Last Update: 20260727T040447+0000

Ratings and Alerts

No rating or validation information has been found for INTERSNP.

No alerts have been found for INTERSNP.

Data and Source Information
