Proper Citation: Survey Research Institute (RRID:SCR_010997)

Description: Provides survey research, data collection, and analysis services to academic, non-profit, governmental, and corporate clientele. With facility located at Cornell University, SRI possesses extensive capabilities for telephone, mail and web survey data collection. Conducts national and state studies on subjects as the long-term effects of the New York City school-based intervention study on risky behavior among young adults, assessment of prevalence of elder abuse in New York State, the effects of retirement on drinking behavior, health and safety issues of New York City firefighters, business climate assessment for the Division of the Budget of New York State, major trends in the telecommunication industry, rising tuition at universities, how people cope with aging and careers, and topical issues such as support for civil liberties and the war in Iraq. SRI has conducted over 1000 projects to date.
