Proper Citation: NF Data Portal (RRID:SCR_021683)

Description: Portal created to help openly explore and share NF datasets, analysis tools, resources, and publications related to neurofibromatosis and schwannomatosis. Public data repository that stores and shares data generated by multiple collaborative research programs focused on neurofibromatosis diseases.

Synonyms: Neurofibromatosis Data Portal

Resource Type: service resource, data or information resource, data repository, storage service resource, portal

Defining Citation: [PMID:31836719](#)

Keywords: Sage Bionetworks, NF datasets, neurofibromatosis data, schwannomatosis data, neurofibromatosis diseases

Related Condition: neurofibromatosis type 1 (NF1), neurofibromatosis type 2 (NF2), and schwannomatosis (SCH)

Funding: Childrens Tumor Foundation ;
Neurofibromatosis Therapeutic Acceleration Program

Availability: Free, Freely available
