GOToolBox Functional Investigation of Gene Datasets

RRID:SCR_003192

Type: Tool

Proper Citation

GOToolBox Functional Investigation of Gene Datasets (RRID:SCR_003192)

Resource Information

URL: <http://genome.crg.es/GOToolBox/>

Proper Citation: GOToolBox Functional Investigation of Gene Datasets (RRID:SCR_003192)

Description: The GOToolBox web server provides a series of programs allowing the functional investigation of groups of genes, based on the Gene Ontology resource. The web version of the GOToolBox is free for non-commercial users only. Users from commercial companies are allowed to use the site during a reasonable testing period. For a regular use of the web version, a license fee should be paid. We have developed methods and tools based on the Gene Ontology (GO) resource allowing the identification of statistically over- or under-represented terms in a gene dataset; the clustering of functionally related genes within a set; and the retrieval of genes sharing annotations with a query gene. GO annotations can also be constrained to a slim hierarchy or a given level of the ontology. The source codes are available upon request, and distributed under the GPL license. Platform: Online tool

Abbreviations: GOToolBox

Synonyms: GOToolBox - Functional Investigation of Gene Datasets, GOToolBox : Functional Investigation of Gene Datasets

Resource Type: service resource, source code, software resource

Defining Citation: [PMID:15575967](#)

Keywords: gene, annotation, statistical analysis, slimmer-type tool, function, cluster, gene association, gene ontology

Funding: Action Bioinformatique inter-EPST ;
French Ministere de l'Education de la Recherche et de la Technologie ;

Fondation pour la Recherche Medicale

Availability: Free, Freely available

Resource Name: GOToolBox Functional Investigation of Gene Datasets

Resource ID: SCR_003192

Alternate IDs: nif-0000-30623

Old URLs: <http://burgundy.cmmmt.ubc.ca/GOToolBox/>

Record Creation Time: 20220129T080217+0000

Record Last Update: 20260729T044044+0000

Ratings and Alerts

No rating or validation information has been found for GOToolBox Functional Investigation of Gene Datasets.

No alerts have been found for GOToolBox Functional Investigation of Gene Datasets.
