UniProtKB

RRID:SCR_004426

Type: Tool

Proper Citation

UniProtKB (RRID:SCR_004426)

Resource Information

URL: <http://www.uniprot.org/help/uniprotkb>

Proper Citation: UniProtKB (RRID:SCR_004426)

Description: Central repository for collection of functional information on proteins, with accurate and consistent annotation. In addition to capturing core data mandatory for each UniProtKB entry (mainly, the amino acid sequence, protein name or description, taxonomic data and citation information), as much annotation information as possible is added. This includes widely accepted biological ontologies, classifications and cross-references, and experimental and computational data. The UniProt Knowledgebase consists of two sections, UniProtKB/Swiss-Prot and UniProtKB/TrEMBL.

UniProtKB/Swiss-Prot (reviewed) is a high quality manually annotated and non-redundant protein sequence database which brings together experimental results, computed features, and scientific conclusions. UniProtKB/TrEMBL (unreviewed) contains protein sequences associated with computationally generated annotation and large-scale functional characterization that await full manual annotation. Users may browse by taxonomy, keyword, gene ontology, enzyme class or pathway.

Synonyms: UniProtKB, UniProtKB/Swiss-Prot, UniProtKB/TrEMBL, UniProt Knowledgebase

Resource Type: data or information resource, data repository, database, service resource, storage service resource

Defining Citation: [PMID:15888679](#), [PMID:18287689](#)

Keywords: protein, annotation, amino acid sequence, taxonomy, proteome

Availability: Available to the research community, The community can contribute to this resource

Resource Name: UniProtKB

Resource ID: SCR_004426

Alternate IDs: r3d100011521, nlx_53981

Alternate URLs: <https://doi.org/10.17616/R3NK9Z>

Record Creation Time: 20220129T080224+0000

Record Last Update: 20260919T195507+0000

Ratings and Alerts

No rating or validation information has been found for UniProtKB.

No alerts have been found for UniProtKB.
