Proper Citation: Lawson Brain Tumour Tissue Bank (RRID:SCR_004881)

Description: To aid researchers, the Brain Tumour Tissue Bank, located in London Health Sciences Centre in London, Ontario, Canada has been collecting human brain tumor specimens and matching clinical data for neuro-oncology research in Canada and internationally since its establishment in 1991. A wide variety of primary and secondary brain tumors, spinal tumors, peritumors and normal brain tissues are available for molecular, protein, enzyme and immunohistochemical studies. Interested researchers can review the information provided at the website and can contact the tissue bank for information about what is currently available. In order to complete a request, an application must be completed.

Abbreviations: Lawson Brain Tumour Bank

Synonyms: Lawson Health Research Institute Brain Tumour Tissue Bank, Lawson Health Research Institute Brain Tumour Bank, Lawson Brain Tumor Tissue Bank

Resource Type: brain bank, biomaterial supply resource, material resource, tissue bank

Related Condition: Brain tumor

Funding: Brain Tumour Foundation of Canada

Resource Name: Lawson Brain Tumour Tissue Bank

Resource ID: SCR_004881

Alternate IDs: nlx_85555
