FungiDB

RRID:SCR_006013

Type: Tool

Proper Citation

FungiDB (RRID:SCR_006013)

Resource Information

URL: <http://fungidb.org/fungidb/>

Proper Citation: FungiDB (RRID:SCR_006013)

Description: FungiDB is a database for functional and evolutionary comparison of fungal genomes. FungiDB is a functional genomic resource for pan-fungal genomes that was developed in partnership with the Eukaryotic Pathogen Bioinformatic resource center (<http://EuPathDB.org>). FungiDB uses the same infrastructure and user interface as EuPathDB, which allows for sophisticated and integrated searches to be performed using an intuitive graphical system. The current release of FungiDB contains genome sequence and annotation from 18 species spanning several fungal classes, including the Ascomycota classes, Eurotiomycetes, Sordariomycetes, Saccharomycetes and the Basidiomycota orders, Pucciniomycetes and Tremellomycetes, and the basal "Zygomycete" lineage Mucormycotina. Additionally, FungiDB contains cell cycle microarray data, hyphal growth RNA-sequence data and yeast two hybrid interaction data. The underlying genomic sequence and annotation combined with functional data, additional data from the FungiDB standard analysis pipeline and the ability to leverage orthology provides a powerful resource for in silico experimentation.

Abbreviations: FungiDB

Synonyms: FungiDB - Fungi Genomics Resources

Resource Type: data analysis service, data or information resource, database, service resource, production service resource, analysis service resource

Defining Citation: [PMID:22064857](#)

Keywords: genomics, functional genomics, genome, microarray, genome sequence, annotation, rna sequence, orthology, FASEB list

Funding: Burroughs Wellcome Fund ;
Alfred P. Sloan Foundation

Availability: Much of the data in FungiDB is provided by independent researchers. Please cite them if you use their data.

Resource Name: FungiDB

Resource ID: SCR_006013

Alternate IDs: nlx_151401, r3d100011906

Alternate URLs: <https://doi.org/10.17616/R35K9M>

Record Creation Time: 20220129T080233+0000

Record Last Update: 20260801T190303+0000

Ratings and Alerts

No rating or validation information has been found for FungiDB.

No alerts have been found for FungiDB.
