### Resource Information

**URL:** <http://www.ebi.ac.uk/Rebholz-srv/PaperMaker/>

**Proper Citation:** PaperMaker (RRID:SCR\_007269)

**Description:** PaperMaker delivers feedback on the use of terms and language in a biomedical manuscript. It does not store any submitted data. PaperMaker is a novel IT solution that receives a scientific manuscript via a Web interface, automatically analyses the publication, evaluates consistency parameters and interactively delivers feedback to the author. It analyses the proper use of acronyms and their definitions, and the use of specialized terminology. It provides Gene Ontology (GO) and Medline Subject Headings (MeSH) categorization of text passages, the retrieval of relevant publications from public scientific literature repositories, and the identification of missing or unused references. The end result is that the author receives a summary of findings, the manuscript in its corrected form and a digital abstract containing the GO and MeSH annotations in the NLM/PubMed format.

**Abbreviations:** PaperMaker

**Synonyms:** Paper Maker

**Resource Type:** analysis service resource, service resource, data analysis service, production service resource

**Defining Citation:** [PMID:20200010](#)

**Resource Name:** PaperMaker

**Resource ID:** SCR\_007269

**Alternate IDs:** nif-0000-00290

**Record Creation Time:** 20220129T080240+0000

**Record Last Update:** 20260728T043248+0000
